0630557510 | [haris.khan87@gmail.com](mailto:haris.khan87@gmail.com) | <https://github.com/khanharis87>

## SUMMARY

Specialize in React.js and Vue.js with professional experience in Test Driven Development and working with scrum teams large to small.

## EXPERIENCE

### CODE D'AZUR

Freelance Senior Frontend Developer | Oct 2019 – present

- Making abstract react components in **Storybook**
- Using functional components with **React Hooks** and **Typescript**
- **Unit testing** react components with **Jest** and **Enzyme**.
- Styling using **Styled components** in **emotions**.
- **Use-spring** library for creating animations.

### OSUDIO

Freelance Frontend Developer | Dec 2018 – Jul 2019

- Used **latest JavaScript** mostly for the project and **Vue.js** renderless component pattern.
- **Thymeleaf** was used as templating language
- **Sass** was used for styling

### DEAN ONE

Frontend Developer | Jun 2017 – Jun 2018

- Did the whole Frontend setup and documentation for the project.
- Used **Vue.js SFC** in the beginning with **Typescript**.
- Afterwards adapted the **dynamic component pattern** of Vue.js.

## KARIFY

Frontend Developer | Jun 2016 – Jun 2017

- Used **React with Redux** as state management.
- Did **TTD** with **Jasmine** in Frontend.
- Learned/Pair programmed in **PHP** and **Symfony** with unit tests in **PHPUnit**.
- Did a small assignment with **Elasticsearch** with PHP and frontend in React.

## TRIVENTO

Frontend Developer | May 2015 – May 2016

- Worked at Trivento for a year, where I was handed multiple assignments. The company has many clients and I was assigned to different teams and projects through out the year

## ARGITERRA (assigned by Trivento)

Frontend Developer | 2 months

- Worked for 2 months, was the only frontend developer in team.
- Used **AngularJS 1x**, with **Material UI**

## BESTSELLER (assigned by Trivento)

Frontend Developer | 6 months

- Worked with a large E-Commerce team using **Demandware** platform.
- Wrote vanilla **JavaScript** with **prototype inheritance**.
- Did **TTD** with **Mocha** and **Chai**.
- Used **SASS** with **Atomic design** as architecture structure.

## DLL (assigned by Trivento)

Frontend Developer | 2 months

- Worked on Frontend for the PoC.

- Used **AngularJS 1x**, with **Bootstrap**

## **POSTCODE LOTTERIJ (assigned by Trivento)**

Frontend Developer | 2 months

- This was the first assignment from trivento, for short time.
- Used **AngularJS 1x**, with **CSS**

---

## **EDUCATION**

---
